**CHAPTER HISTORIAN**  
Vacant

Dear Sir/Madame

The Saskatchewan Public Works Association (SPWA) is pleased to be hosting our 64<sup>th</sup> Annual Conference and PWville February 28 – March 2, 2023, at the Saskatoon Inn, Saskatoon, SK. This conference brings together people from across the province who are involved in all aspects of public works. Over 800 communities, RMs, and First Nations, along with government and municipal decision-makers, municipal engineers, consultants, suppliers, and contractors are invited to attend.

At the conference, professionals within the field of public works have an opportunity to network, develop contacts, exchange ideas, attend educational sessions and see what new material, technology, and equipment is available. The theme of this year's conference is 'Public Works ~ Ready and Resilient'. This year, we will also be offering our delegates the Public Works Supervisor course, that will be taking place in tandem with the Conference.

We are offering you the opportunity to become a financial supporter of the Conference. Supporters will be recognized at the opening ceremonies, and on the scrolling electronic overhead. The Chapter will signify your support on our website and your company's web link will be posted to our Chapter web page for a period of one year. You will also be recognized in the Western Canada Public Works Roadrunner magazine (which is a great advertising opportunity to promote your company to the public works professionals from across the province and western Canada).

We are offering the following supporter packages (all include the above plus other opportunities noted):

**Bronze Supporter** \$250.00 ~ signage displayed throughout all conference coffee/snack breaks  
**Silver Supporter** \$500.00 ~ signage displayed at each breakfast with acknowledgement to the delegates by the moderator on the public address system  
**Gold Supporter** \$1,000.00 ~ signage displayed at each lunch with acknowledgement to the delegates on the public address system, plus either the opportunity to address the delegates at the Tuesday Supplier's Night & SPWA Awards or be the lanyard sponsor  
**Platinum Supporter** \$1,500.00 plus ~ signage displayed beside main stage during the entire event, plus the opportunity to address the delegates at the opening ceremonies, and a priority selection of booth in 2022

If you would like to support the SPWA 62<sup>nd</sup> Annual Conference and PWville, or would like more information, please contact Chapter Administrator, Trina Miller, via the signature above. Sponsorship opportunities are given on a first paid basis.

I would like to take this opportunity to thank you for taking the time to consider supporting our event.

Sincerely,

Staci Dobrescu  
President, CPWA Saskatchewan Chapter

## CALL FOR PAPERS

### Saskatchewan Public Works Association 64<sup>th</sup> Annual Conference

#### *'Public Works ~ Ready and Resilient'*

The Saskatchewan Public Works Association (SPWA) 64<sup>th</sup> Annual Conference and PWville (Tradeshow) is planned for **February 28 – March 2, 2023**, at the Saskatoon Inn, Saskatoon, SK.

Saskatchewan's Public Works professionals are a diverse, technically skilled team dedicated to providing essential services in support of their communities. They deliver these services every single day to ensure we have quality water when we turn on the tap, a safe road to drive on, our refuse is managed, sewage is carried away and treated, and our communities are highly livable with well-maintained parks, green space, and sporting facilities. Please assist us to further their educational opportunities by sharing your expertise with our delegates.

Our 2023 Annual SPWA Conference and Tradeshow, themed *'Public Works ~ Ready and Resilient'*, offers the conduit for expanding that learning. The event offers networking and education to the PW staff, and those that support them. The conference provides opportunities for Continuing Education sessions (0.3-0.6 CEU), technical talks (1-hour maximum), a facility/equipment tour, plus other interactive options such as the Administrative or Roundtable tracks. You can be a speaker and share your public works know-how with solid best practices, new perspectives, a proven project, or innovative twist within the many disciplines of public works. Administrative presentations could include items such as boosting communication skills/productivity, professional development, regulations, or asset management, to name just a few.

#### **Advantages offered to presenters?**

The SPWA Annual Conference is an excellent vehicle to promote your technological/scientific improvement, or your study findings and experience to a vast target audience. The Conference is attended by delegates from all disciplines of public works including administration, management, engineering and operational staff. This makes it the most important multi-sector PW gathering in the province. Speakers also benefit from visibility in our Western Canada magazine - The Roadrunner, the Conference Program, our Chapter website, and most importantly, delegates attending the conference.

#### **Who will be attending?**

All disciplines of the public works field are invited from the over 800 Saskatchewan communities, RMs, and First Nations, along with government and municipal representatives and decision-makers, municipal engineers, environmental consultants, suppliers, contractors, and other consulting firms.

**Submission ideas should be sent in an electronic format to the Chapter Administrator at [spwa@sasktel.net](mailto:spwa@sasktel.net) for evaluation by the SPWA's Board before October 31, 2022. Please provide a detailed summary of your proposal along with a brief bio (3-4 sentences) of your experience. Clearly indicate the title of the presentation and the speaker's full contact information.**

*\* Please note that the selected speakers will be attending the event as experts to share their knowledge and experience with participants. We ask that speakers refrain from specifically selling any product or service during their presentation. We reserve the right to reject a presentation that we will consider too commercial in nature.*

**Saskatchewan Public Works Association 64<sup>th</sup> Annual Conference**  
***'Public Works ~ Ready and Resilient'***  
**February 28 – March 2, 2023 - Saskatoon, SK**

Title of Paper: \_\_\_\_\_

Person who will present the paper: (as it would appear in the Conference Program)

Name: \_\_\_\_\_

Position (Title): \_\_\_\_\_

Company (Affiliation): \_\_\_\_\_

Mailing Address: \_\_\_\_\_

\_\_\_\_\_ Postal Code

E-mail: \_\_\_\_\_

Contact Person Name (If different): \_\_\_\_\_

E-mail: \_\_\_\_\_ Phone: \_\_\_\_\_

Please attach an **abstract** of the paper to be presented. It must be 200-350 words in WORD format. This information will be posted on the SPWA web page. Members of the audience who wish to receive more information after the session will be directed to contact the speaker directly.

**Technical Session(s) - Tuesday, February 28, 2023**    **Technical session** for administration/council (1, 3 or 6 hours)

**Technical Session(s) - Wednesday, March 1, 2023**    **Technical session only** Sessions are 50 minutes to 1 hour in length.

**CEU Session(s) - Thursday, March 2, 2023**    **0.3 CEU**    **0.6 CEU**  
CEUs must be approved by the Regulatory Agency prior to December 31, 2022 for use at the Conference.

Return this form and abstract by October 31, 2022. The proposals will be reviewed and accepted or declined at that time by the SPWA Executive Board. Confirmation will be sent shortly after.
